Guide

house-blank/20/solid

25 x 25

1. Icons must always follow same naming logic – Name/Size/Style (magnifying-glass/16/solid or house-blank/20/reg)

magnifying-glass

2. After naming, create component and add other icons with same naming logic

magnifying-glass

From this file

size: 24

style: solid

3. Switch between properties to use

Important note* use 16/20/24px icons from Font Awesome Library.

Use two styles Solid and Regular.

Always start making component from bold and biggest size to smallest and lightest.

Convert all icons as components before merging it into one master component as variants.

rename propertis accordingly for sizes=size, for thickness=style

A collection of mobile app design components for a marketplace. The components include: a marketplace banner with 'rhode' branding; a product card for 'Farmacia Santissima Annuncata Vital Boost'; a collection card showing a grid of products; a user profile for 'Steph Hui'; a header with a search bar and navigation icons; a button with 'Refer a Friend' text; a main navigation bar with icons for Discover, Shop, Create, Bag, and Profile; a main navigation bar with icons for Chat, Faves, Products, Bag, and My Shop; and a tab navigation bar with icons for Collections, Products, and Faves. The components are arranged in a grid, with some showing multiple variants or states.

The image displays a variety of mobile app design components, all rendered in a dark theme. The components are organized into a grid-like layout, with each item labeled with a small icon and a text label. The components include:

- change-varia...**: A grid of 16 circular icons with different symbols.
- ...**: A small white circle with a black 'x' inside.
- ...**: A small white circle with a black 'x' inside.
- ...**: A small white circle with a black 'x' inside.
- content-for-module**: A complex module containing a header with 'Video' and 'Collection' buttons, a 'Select Video' and 'Take Video' section, a user profile for 'AMAYA CRICHTON', a grid of 16 circular icons, a large colorful gradient button, and a list of four items with images and text.
- module-header-text**: A header section with 'Module' and 'Filters' text, and a 'Reset' button.
- insta-fie...**: A section with a grid of 16 circular icons.
- social-field**: A section with two input fields, one labeled 'https://instagram.com/username' and the other 'Name'.
- shadow-overlay**: A large, dark, semi-transparent rectangular area.
- home-indicator**: A status bar showing the time '9:41' and signal, Wi-Fi, and battery icons.
- status-bar**: A status bar showing the time '9:41' and signal, Wi-Fi, and battery icons.
- p...**: A profile card for a user named 'p...' with a profile picture and a grid of 16 circular icons.
- ...**: A small white circle with a black 'x' inside.
- ...**: A small white circle with a black 'x' inside.
- ...**: A small white circle with a black 'x' inside.
- ...**: A small white circle with a black 'x' inside.
- tab-line**: A horizontal line with a small white circle in the center.
- m...**: A section with a grid of 16 circular icons.
- videoshops**: A section with a grid of 16 circular icons.
- img-id-count**: A section with a grid of 16 circular icons.
- empty-text-info**: A section with the text 'Your Shop is Empty' and a small white circle.
- who-like**: A section with a grid of 16 circular icons.
- collection**: A section with a grid of 16 circular icons.
